Subject: Osram Sylvania

Dear Mr. Steinmetz,

As you are aware, on January 29, 2013, Osram Sylvania responded to EPA's Information Request with respect to the above-referenced site. The Company's sole involvement with U.S. Radium related to the repair and disposition of a single piece of testing equipment. EPA has been provided the documents pertaining to this transaction. Osram Sylvania is unaware of any other documents that relate to any relationship between Osram Sylvania and U.S. radium or that would indicate that Osram Sylvania has any responsibility for the remediation of any property of U.S. Radium. If the government is aware of any additional documents that show a relationship between Osram Sylvania and U.S. Radium or that would indicate that Osram Sylvania has any responsibility for the remediation of any property of U.S. Radium then Osram Sylvania requests that you identify any such documents to me before they are destroyed. Otherwise, prior to destruction of the material you mention, the government may wish to confirm that there are no additional documents that may bear upon this transaction or the Company's involvement.
